

Smile Makeover Frequently Asked Questions

A smile makeover is a package of treatments designed to deliver your perfect smile.

Book a Check-up + Cosmetic Consultation appointment at Hampton Dental Care for only £60. Before any cosmetic treatment is carried out, you must have a check-up to ensure you are dentally fit. At this appointment, your dentist will complete a full check-up and will then conduct a full cosmetic consultation to recommend the most suitable cosmetic treatments for your mouth. You will then receive a bespoke treatment plan to achieve your treatment aims. Our dedicated treatment coordinator will be available to answer any further questions you may have prior to commencing treatment.

Your treatment plan will depend on your treatment goals, and treatments which your teeth and mouth are suitable for. Your dentist will be able to advise you of this at your Check-up + Cosmetic Consultation appointment. These may include veneers, composite bonding, clear aligners, or teeth whitening.

This will depend on the procedures involved. Some smile makeovers can be completed in only a couple of visits, others may take several visits over a number of weeks. For patients who require clear aligner treatment, this will take longer.

[How much will my smile makeover cost?](#)

As a smile makeover includes a range of treatments, which treatments you require will determine your treatment cost. Your dentist will advise you of this in your bespoke treatment plan. However, at Hampton Dental Care we want to save patients money, and we provide patients with clear treatment prices before they come in. You can view our comprehensive price list on our website 24-hours a day.

Simply book a Check-up + Cosmetic Consultation appointment at Hampton Dental Care for only £60. We can't take a smile makeover prescription from another dentist, so your Hampton dentist will always need to put a treatment plan together for you, so if you want to switch to us and save money, book online 24-hours a day.

[Does a smile makeover hurt?](#)

Cosmetic treatments often involves little to no discomfort. If there is any preparation of a tooth required, local anesthetic will be used to ensure this doesn't hurt.

[How long will my smile makeover last?](#)

The range of treatments involved are extremely durable, so results should last for many years. This will depend on how well you follow your dentist's advice, and how well you look after your oral health. Attending for your regular check-ups will also help to maintain results for longer as your dentist can monitor your oral health, and can monitor the treatment provided in your smile makeover.
